AT IDEX / NEOCON CANADA**

Muscatine, IA – *November, 2005* – Allsteel's new Align™ system was honored at the ARIDO Awards of Excellence ceremony with the Silver IDEX/NeoCon Canada 2005 Award in the Furniture Systems category.

The Awards are presented by the Interior Designers of Canada, ARIDO and Merchandise Mart Properties (Canada) Incorporated. Interior Designers of Canada participate in the jurying process and awards, which recognize products that demonstrate ingenuity while enhancing daily life.

Allsteel's Align is designed as a coordinated offering of systems, storage, and desking products and can be used as building blocks across the office landscape – open plan workstations to private offices – and provides a cohesive, elegant office landscape. This allows a designer to comfortably stay within one product line for an entire project.
