Straw Frame finish: Black

A real team player.

Ambition is so well-made, you can buy it and forget about it. It's so comfortable, long days won't rub employees the wrong way. It's so adjustable, anyone can find their own sweet spot. Plus, its square-shouldered good looks make it at home in every office environment.

Solid arms are height-adjustable, well-cushioned, and extremely stable. A high back braces shoulders. Seat depth glides to fit legs of any length. Lumbar cushioning can be tuned to accommodate a full range of lower back support. Ambition is so sturdily constructed, you can count on years of reliable performance.

Long hours are no problem.

Ambition exceeds ANSI/BIFMA guidelines and carries the Allsteel Lifetime Warranty. So you get a chair that does more and keeps going long after others might have quit. Plus, you can dress up Ambition's basic black frame with most of our standard upholstery offerings, or choose something of your own.

Raise your expectations.

Ambition brings graceful design, remarkable adaptability, and some comforting surprises to the rough and tumble world of day-in and day-out office work.

Ambition dresses up in finely finished, high-quality leather.

Seat slides forward or backward to provide comfort and support to employees of any height.

Lumbar support expands or contracts with the simple turn of an easy-to-reach dial.
