Designed to work. Built to last.

Sensible™

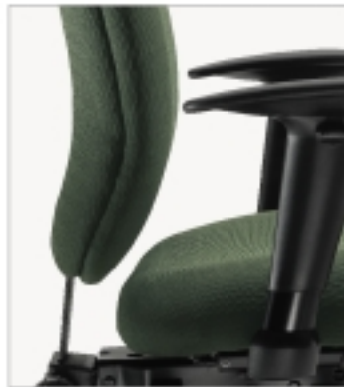

# Choosing a chair just got a whole lot easier.

Sensible is the most straightforward office chair you can find. Reliable, functional, and durable, it comes in nine versions and two sizes with up to eight different adjustments. It fits all kinds of people, doing all kinds of work, anywhere in your office. And at a price that fits your budget, too.

Sensible offers everything you'd hope to find in a chair, along with a few nice surprises, like an easy-to-use seat glide, extremely well-cushioned seat and back, adjustable-height arms, and a fully upholstered back. Simple lines and balanced proportions allow it to blend in anywhere, from government offices to start-up businesses. A chair this practical is a common-sense choice.

Sensible arms offer exceptional comfort. Firm cushioning and height adjustability ensure proper positioning for keyboarding and desk work.

Instead of fumbling under the seat, just pull a paddle and your seat glides smoothly forward or backward over a full 2½”.

Durability is built in.

Even after years of use, Sensible won't rattle or wobble. Every mechanism has been precision-engineered to ensure long-term reliability.

**Above and cover:**

Seating upholstery: Moguls Green Apple, Moguls Rhododendron, Moguls Aquarium, Tiny Check Goose. Frame finish: Black
