Comfortable anywhere.

Tolleson Side lets you coordinate your chairs with your office. Choose from multiple frame finishes and upholstery options, three different back shapes, with or without arms, glides or casters. Designed with a sturdy tubular steel frame, Tolleson Side is a durable choice.

A chair for all reasons.

Tolleson Side fits right in around the conference table or alongside a desk, in the reception area, or out for a meal. Curved arms and high-resiliency foam in the back and seat make for exceptional sitting comfort.

Easy on the eyes.

Three expressive, contoured back shapes—arc, keystone, and square—give you three distinct looks. Casual elegance draws you in; the pleasure of sitting keeps you there.

A warm welcome.

Tolleson Side offers an inviting seat for impromptu team meetings, unexpected visitors, invited guests, or anyone else in the relaxed workspace. Comfortable and stylish, versatile and stackable, Tolleson Side is so durable, it looks good while working hard.

With optional casters, Tolleson Side becomes a chair on the go. An ideal choice for today's more mobile, fast-paced offices.

Limited storage space is no problem. Stack Tolleson Side five high on the floor or eight high on a cart.

Ganging brackets available for chair-to-chair applications (RT-CGB).

A word about our designers.

Award-winning designers Tom Tolleson and Greg Saul infused Tolleson Side with richness of form without sacrificing comfort, flexibility, and affordability. It is the perfect "anywhere" chair.

All together now.

At Allsteel, we believe that together, if we widen our view, we can make a real and lasting difference for our environment. That's why we ensure that all materials balance performance and environmental responsibility. Relevant, durable, high-quality products, backed by Allsteel's Lifetime Warranty, guarantee years of use and reuse. For details, visit allsteeloffice.com/alltogethernow.
