Universally flexible.

Concensys Freestanding sets up easily and reconfigures time after time. It works in the open plan, the private office, or in combination with Concensys panels, allowing complete office coordination. It even shares components with Concensys, which simplifies inventory management. Concensys Freestanding is compatible with the entire line of Allsteel storage solutions and Extensions™ work tools to provide personalized organization for every workstyle.

1. Systems integration.
Concensys Freestanding works in combination with Concensys panels, extending the aesthetic and functionality of both products.

2. Ultimately adaptable.
Make the most of existing architecture by using a wall to create a semi-private workspace.

3. Space utilization.
Multiple worksurface shapes offer unlimited design potential for using space creatively and efficiently.

4. Optimal organization.
Concensys Freestanding is compatible with Allsteel's complete line of storage and Extensions work tools to keep you on task throughout the workday.

5. Team interaction.
The design flexibility of Concensys Freestanding allows you to create personal workspace and a team collaboration area in the same office.

All the details were considered in design, including functional elements like grommets.

11" end panels support curvilinear worksurfaces in multiple applications.

Hutch-to-desk attachment preserves work surface space.

Clean connections present a refined appearance without sacrificing flexibility.

Support leg grommets manage cables and wiring out of sight.

A half-height modesty panel offers privacy and room to stretch your legs.

Choose overhead storage cabinets that are wall- or panel-mounted or desk-mounted hutches, all with your choice of door style.

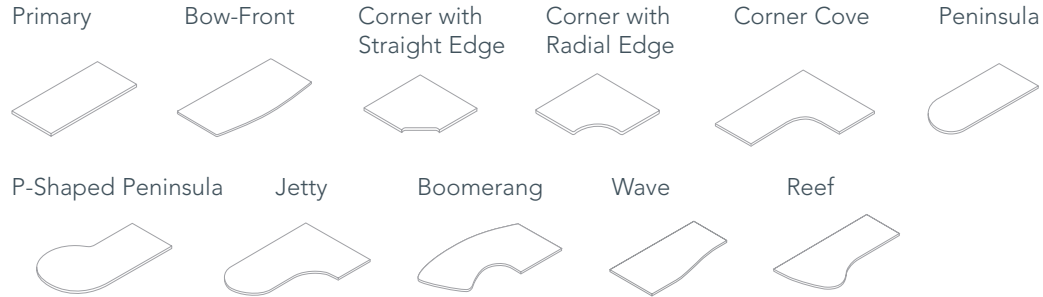

Gusset support allows access to power.
