Whether it’s corporate or higher education, Aware fits your learning needs. With a wide variety of tables, credenzas, marker boards, and now the lectern and mobile tackboard, the Aware collection provides design flexibility to achieve your organization’s training objectives.
Product Features

Functionality
- Hidden cutouts on the lectern allow for the integration of electrical outlets or technology attachment
- The lectern’s metal top allows for easy installation of a microphone or light
- A removable panel on the back unit of the lectern hides the built-in passway, allowing easy access and management of cords
- The shelf and worksurface pocket provide ample space for storage and A/V units

Design
- A slim profile creates a streamlined aesthetic
- Finishes and details complement the rest of the Aware collection

Mobility
- Locking casters allow easy movement and positioning
- Slim design minimizes its footprint to work well in any sized environment
