

MIMEO™

THE SHAPE OF MOVEMENT

Our study of today's active environments shows that seating:

- Has greater **visual impact** with lower panel heights
- Must be **adaptive** to users of all shapes and sizes
- Should enable **movement**
- Needs to be **versatile** in application

There's a lot to consider when selecting a chair:

- Comfort
- Ergonomics
- Fabrics and finishes
- Budget
- Brand

knowing what matters

Mimeo is Allsteel's third collaboration with Bruce Fifield of Studio Fifield, Milan Italy:

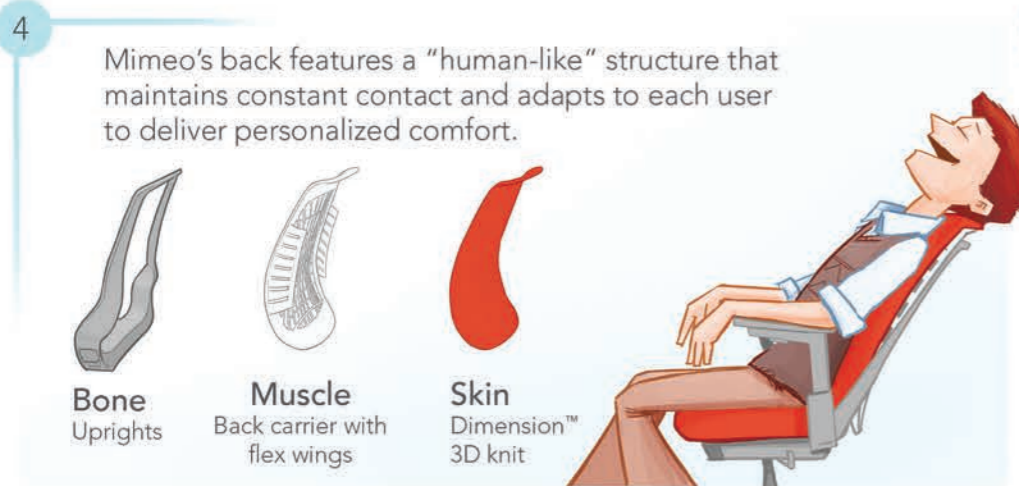

- Acuity®
- Inspire®

Mimeo's design process involved extensive feedback from people like you.

Materials were carefully selected to maximize user comfort and maintain Mimeo's distinctive design.
