

LEED® Projects with Allsteel Support

Allsteel furniture continues to be selected for LEED projects all over the country. Although furniture contributes most to points in LEED for Commercial Interiors, opportunities exist in LEED for New Construction for furniture that fits the green aspects of the building and/or for an innovation credit.

The following projects have achieved LEED certification with Allsteel's support:

1. CALTRANS District 7 Headquarters

Los Angeles, CA
LEED-NC 2.1 Silver

2. City of Hillsboro Civic Center
