

The Allsteel LEED Team

The LEED Team members are your primary source of expertise for LEED questions. They have experience with LEED projects and will assure efficient coverage across our regions. They can assist with:

- The role of Allsteel (and Gunlocke) furniture in LEED for Commercial Interiors
- The completion of clients' LEED templates and spreadsheets
- Furniture in other LEED Rating Systems and health care
- Opportunities to assist in client Innovation and Design credits
- level certification in LEED

What they don't know, they can access a wealth of knowledge to find your answers!

First Name	Last Name	Region	Phone	Cell	Email Address
