

LEED® Certifications at Allsteel

Allsteel does more than provide furniture for LEED projects; we have our own LEED certification achievements and progress. Six of our Resource Centers are certified (three Gold, three Silver) to LEED for Commercial Interiors (CI). The headquarters office and factory in Muscatine, Iowa, are registered to seek LEED for Existing Buildings: Operations and Maintenance (EBOM).

Atlanta Resource Center
LEED-CI Gold

San Francisco Resource Center
LEED-CI Silver

Boston Resource Center
LEED-CI Silver
